Dear Jane

I am writing on behalf of Climb to thank you for the cheque for £4488, which you very kindly donated to our charity on behalf of the Institute of Cemetery and Crematorium Management. The support of your Crematorium really is very much appreciated.

In the last year we have supported over 7,500 families who are affected by Metabolic Diseases. Demand for our services has continued to grow and it is through donations such as yours that have enabled Climb to continue to provide information and support to many more families. Please be assured that your money will help families who are affected by Alexander Disease.

Thank you once again.

Yours sincerely
